## NOTES TO THE CONSENDED INTERIM FINANCIAL STATEMENTS - UNAUDITED

### 1. BASIS OF PREPARATION

The unaudited condensed interim financial statements ("the Report") of AIG Malaysia Insurance Berhad ("the Company") have been prepared in accordance with Malaysian Financial Reporting Standards ("MFRS") 134, Interim Financial Reporting, and International Accounting Standard ("IAS") 34, Interim Financial Reporting.

The Report does not include all information required for disclosure in the annual financial statements, and should be read in conjunction with the audited financial statements of the Company as at and for the financial year ended 31 December 2023.

The preparation of the condensed interim financial statement in conformity with MFRSs requires management to make judgements, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets, liabilities, and disclosure of contingent assets and liabilities as at the date of the condensed interim financial statements, and the reported amount of income and expenses during the period. Actual results may differ from these estimates.

Estimates and underlying assumptions are reviewed on an on-going basis. Revisions to accounting estimates are recognised in the period in which the estimates are revised and in any future periods affected.

The accounting policies and presentation adopted by the Company for the condensed interim financial statements are consistent with those adopted in the Company's audited financial statements for the financial year ended 31 December 2023, except for the adoption of the following:

| MF | RSs/Interpretations/Amendments                                                     | Effective date |
|----|------------------------------------------------------------------------------------|----------------|
| •  | Amendments to MFRS 101, Classification of liabilities as current or non-current    | 1 January 2024 |
| •  | Amendments to MFRS 16, Sale and leaseback                                          | 1 January 2024 |
| •  | Amendments to MFRS 107, Statement of Cash Flows and MFRS 7, Financial Instruments: |                |
|    | Disclosures - Supplier Finance Arrangements                                        | 1 January 2024 |

The initial application of the abovementioned accounting standards and amendments did not have any material financial impact to the current and prior periods financial statements upon their first adoption.

#### 2. SEASONAL OR CYCLICAL FACTORS

The business operations of the Company were not significantly affected by seasonality or cyclical factors for the period under review.

### 3. EXCEPTIONAL OR EXTRAORDINARY ITEMS

There were no exceptional or extraordinary items for the six months ended 30 June 2024.

#### 4. CHANGES IN ESTIMATES

There were no material changes in the basis used for accounting estimates for the current financial period ended 30 June

#### 5. ISSUES, REPURCHASES AND REPAYMENTS OF DEBT AND EQUITY SECURITIES

There was no issuance or repayment of debt and equities for the current financial period under review.

#### 6. DIVIDENDS

No dividend has been declared in respect of financial year ended 31 December 2023 and current period ended 30 June 2024.

## NOTES TO THE CONSENDED INTERIM FINANCIAL STATEMENTS - UNAUDITED (CONTINUED)

#### 14. FAIR VALUE INFORMATION

#### Fair value measurement

The Company carries certain of its financial instruments at fair value. The fair value of a financial instrument is the amount that would be received from the sale of an asset or paid to transfer a liability in an orderly transaction between willing, able and knowledgeable market participants at the measurement date.

The degree of judgment used in measuring the fair value of financial instruments generally correlates with the level of observable valuation inputs. Financial instruments with quoted prices in active markets generally have more pricing observability and less judgment is used in measuring fair value. Conversely, financial instruments for which no quoted prices are available have less observability and are measured at fair value using valuation models or other pricing techniques that require more judgment. Pricing observability is affected by a number of factors, including the type of financial instrument, whether the financial instrument is new to the market and not yet established, the characteristics specific to the transaction, liquidity and general market conditions.

#### Fair value hierarchy

Financial assets recorded at fair value in the Statement of Financial Position are measured and classified in a hierarchy for disclosure purposes consisting of three levels based on the characteristics of inputs available in the marketplace that are used to measure the fair values as noted below:

#### Level 1

Financial instruments are classified as Level 1 if their value is observable in an active market. Such instruments are valued by reference to unadjusted quoted prices for identical assets or liabilities in active markets where the quoted prices is readily available, and the price represents actual and regularly occurring market transactions. An active market is one in which transactions occur with sufficient volume and frequency to provide pricing information on an on-going basis. These would include actively traded listed equities and actively exchange-traded derivatives.

#### Level 2

Where fair value is determined using unquoted market prices in less active markets or quoted prices for similar assets and liabilities, such instruments are generally classified as Level 2. In cases where quoted prices are generally not available, the Company then determines fair value based upon valuation techniques that use as inputs, market parameters including but not limited to yield curves, volatilities and foreign exchange rates. The majority of valuation techniques employ only observable market data and so reliability of the fair value measurement is high. These would include certain bonds, government bonds, corporate debt securities, repurchase and reverse purchase agreements, loans.

#### Level 3

Financial instruments are classified as Level 3 if their valuation incorporates significant inputs that are not based on observable market data (unobservable inputs). Such inputs are generally determined based on observable inputs of a similar nature, historical observations on the level of the input or other analytical techniques.

Specific valuation techniques used to value financial instruments include:

- Quoted market prices or dealer quotes for similar instruments;
- Other techniques, such as discounted cash flow analysis, are used to determine fair value for the remaining financial instruments.

There is no transfer between Level 1 and Level 2 of the fair value hierarchy during the period under review.

AIG MALAYSIA INSURANCE BERHAD (Incorporated in Malaysia)

#### NOTES TO THE CONSENDED INTERIM FINANCIAL STATEMENTS - UNAUDITED (CONTINUED)

#### 16. CONTINGENT LIABILITY (CONTINUED)

As background, on 10 August 2016, the Malaysia Competition Commission ("MyCC") commenced an investigation into an alleged infringement by Persatuan Insurans Am Malaysia ("PIAM") and all 22 general insurers including the Company of Section 4(2)(a) of the Competition Act 2010 ("CA"). The alleged infringement was in relation to the agreement reached between PIAM and the Federation Of Automobile Workshop Owners' Association Of Malaysia ("FAWOAM") in relation to trade discount rates for parts for certain vehicle makes and labour hourly rates for PIAM Approved Repairers Scheme ("PARS").

On 22 February 2017, the Company received MyCC's notice of proposed decision ("Proposed Decision") that the Company and all the other 21 general insurers who are members of PIAM have infringed Section 4 of the Act - prohibition by participating in an agreement which has, as its object, the prevention, restriction or distortion in relation to the market of parts trade and labour charges for PARS workshops from 1 January 2012 to 17 February 2017 ("Infringement").

The Proposed Decision included a proposed financial penalty of RM213,454,814.00 on all the 22 general insurers. The Company as one of the members of PIAM, had a share of RM5,869,631.00 of the proposed penalty.

Between April 2017 to February 2018, the Company (and the other general insurers) submitted written submissions followed by oral representations before the MyCC. Due to the changes of the Members of MyCC (including the Chairman) de novo (new) proceedings took place between February 2019 and June 2019 for the Company (and the other general insurers) to resubmit the oral representations. BNM's Oral Representation took place on 13 May 2019.

On 25 September 2020, the Company's solicitors received the decision dated 14 September 2020 from the MyCC ("Decision") that parties have infringed the prohibition under Section 4 of the Act and which imposes on each of the 22 general insurers financial penalties and a cease and desist from implementing the agreed parts trade discount and hourly labour rates for PARS workshop ("Cease & Desist Order") for the said Infringement. The MyCC imposed a financial penalty of RM5,576,149.86 ("Fine") on the Company based on its submission on mitigation factors. Notwithstanding this, in view of the impact of COVID-19 pandemic, the MyCC granted a reduction of 25% of the financial penalty imposed and a moratorium period for the payment of the financial penalty up to 6-months and payment of the financial penalty by equal monthly instalment for up to 6 months. Accordingly, the Company's financial penalty was reduced from RM5,576,149.86 to RM4,182,112.40.

The Company filed a Notice of Appeal with the Competition Appeal Tribunal ("CAT") and an Application for Stay on the payment of the Fine and Cease & Desist Order on 14 October 2020. This was granted by the CAT on 23 March 2021. As such the Company's potential financial liability was RM4,182,112.40.

BNM's session with the CAT together with counsel of the MYCC were completed on 29 October 2021. The first tranche of the appeal hearing before the CAT was completed by 26 November 2021. Counsel for MyCC commenced their reply before the CAT on 17, 21, 24 March 2022 and 6 April 2022 followed by the Company's (and other general insurers, including PIAM's) final right of reply on 7 and 21 April 2022.

On 2 September 2022, the CAT unanimously decided to allow AIG's appeal against the MyCC Decision which had been set aside ("CAT Decision"). MyCC then applied to the High Court for leave to judicially review against the CAT Decision and the hearing for the leave application was scheduled for 8 May 2023. AIG (together with PIAM and a majority of the insurers) then filed an objection to MyCC's leave application for Judicial Review.

The leave hearing scheduled for 8 May 2023 was postponed to 30 November 2023 instead. AIG had also filed an affidavit on 19 May 2023 ("AIG's Affidavit") opposing the Judicial Review Application. On 12 June 2023, MyCC had filed a reply to AIG's Affidavit. MyCC then filed its Written Submissions on 20 August 2023 and AIG filed its Written Submissions on 21 August 2023.

On 16 January 2024, the High Court dismissed the Judicial Review Application with costs of RM10,000.00 payable to each insurer ("High Court Decision"). MyCC filed an appeal to the Court of Appeal against the High Court Decision. During the case management on 15 May 2024, the court fixed the hearing of the appeal for 22 May 2025.

Saved as disclosed above, the management of the Company believes the criteria to disclose the above as contingent liability are met. Save as disclosed above, the Company does not have any other contingent assets and liabilities since the last annual balance sheet date.
